

I'm not just improving the lives of women Veterans.
I'm raising the standard of care for women everywhere.

VHA WOMEN'S HEALTH CAREERS

VA

U.S. Department of Veterans Affairs

Veterans Health Administration

United by passion. Fueled by purpose.

The Department of Veterans Affairs (VA) is the largest, most technologically advanced health care system in the United States. We've grown from 54 domestic hospitals in 1930, to over 1,200 VA health care facilities across the U.S., its territories and possessions, and the Philippines. We strive to provide a professional, supportive environment where our patients — and you — can thrive.

When you join us, you'll receive a robust compensation package — competitive salaries, first-rate employment benefits, extensive education support, tuition reimbursement programs, nationwide job transfer opportunities, generous paid leave, and a variety of programs to help guide your professional growth and advancement.

But VA also has something that no other health care system can offer: the opportunity to serve our Nation's Veterans.

Did you know? VHA...

Received patient satisfaction scores higher than those in the private-sector health care industry for six consecutive years.

Serving women who've served — a growing patient population.

As one of the fastest-growing subgroups of U.S. Veterans, women are accessing VA care at record-high rates. That's why our Women's Health team is more essential now than ever before.

VA employees in this field provide high-quality medical and mental health services such as:

Primary Care

- General care includes health evaluation and counseling, disease prevention, nutrition counseling, weight control, smoking cessation, and substance abuse counseling and treatment, as well as gender-specific primary care (e.g., cervical cancer screening, breast cancer screening, preconception counseling, and menopausal support)
- Mental health includes evaluation and assistance for issues such as depression, mood, and anxiety disorders; marital-, caregiver-, or family-related stress; and post-traumatic stress disorder (PTSD)

Specialty Care

- Management and screening of chronic conditions includes heart disease, diabetes, cancer, glandular disorders, osteoporosis, and fibromyalgia
- Reproductive health care includes maternity care, infertility evaluation and more

- Rehabilitative, homebound, and long-term care

Telephone Care

- At each VA Medical Center across the country, a health care professional is available by phone to answer questions and advise on health concerns for enrolled women Veterans

As you can see, it takes employees from a wide range of specialties to drive our daily success. Together, we're aiming to be a leader in women's health and raise the standard of care for all women.

Come meet our extraordinary patients. They'll show you why a VA career is so rewarding.

If you've ever mingled with a group of Veterans, you've witnessed the special camaraderie they share with one another. That bond extends to all of our employees. From injured active-duty personnel to Veterans of all ages, our patients rely on dedicated VA professionals to help them live healthy, fulfilling lives.

As a result, the entire VA care team receives the deepest appreciation from the many brave, grateful individuals who have served our nation.

Lifetime of learning.

To help you advance your career as you address the needs of America's Veterans, VA provides robust continuing-education opportunities and exceptional programs for training and leadership development, including:

- Education Debt Reduction Program (EDRP): Reduce your qualifying school loan debt with a VHA loan reimbursement program. To qualify, EDRP must

be offered within the recruiting VHA Medical Center's vacancy announcement for a qualifying position that provides patient care services

- Tuition Reimbursement Program: Tuition reimbursement may be available to full-time VA employees who are enrolled in accredited degree programs, from associate to doctoral degrees. Prerequisite courses needed for acceptance into a degree program are also funded
- Employee Incentive Scholarship Program: This scholarship program allows VHA employees to further their education and obtain degrees qualifying them for health care positions for which recruitment and retention is difficult
- Upward Mobility Training Programs: These programs offer opportunities for employees to advance to higher-level positions within VA (opportunities are offered on a competitive basis)

Did you know? VHA...

Offers advanced fellowships and mentorships to help employees build the skills that will launch their careers.

When you provide the best care, you deserve the best benefits.

In return for helping VHA provide the best possible care for America's Veterans, you'll get an extensive bundle of employee benefits.

Work anywhere — and take your benefits with you.

Mobility is one of the great advantages of being part of VHA. You can work in any of our advanced facilities in all 50 states, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Philippines. Best of all: when you transfer to a location where there is an available position, you won't lose any benefits, vacation accrual, or—in most cases—your current salary rate. Some VHA facilities are even authorized to pay relocation if there is a high need to fill a position.

Whether you want to enjoy living by the beach, near the countryside, or in a bustling metropolis, chances are you'll find a VHA facility nearby.
