"This generous scholarship paid a majority share of my tuition. It also matched my regular income, allowing me to focus on school, work and other professional pursuits."

— Isaac N. Womack, BSN, RN, VA Portland (Oregon) Health Care System

Choose VA for the Benefits

Through VANEEP, VA employees who are enrolled in school full time can receive a full salary and up to **$40,117** toward the cost of higher education, including tuition, registration fees and books. The program provides tax-free scholarships and replacement-salary funding to accelerate the completion of a degree in an approved academic program for a Title 38 or hybrid Title 38 occupation.

VA employees in part- or full-time positions may apply. Scholarship candidates agree to serve in the VA career for which they trained for three years after program completion or licensure.
