Licensed Professional Counselors

VA is hiring. The Department of Veterans Affairs serves a unique population of patients: Veterans whose service to our nation might mean they need specialized help in transitioning back to civilian life. Talented mental health practitioners and licensed professional counselors working for VA are dedicated to providing these Servicemembers high-quality care to get back the lives they deserve.

Benefits Include:

- Federal employee benefits package and competitive salary
- Evidence-based care focused on providing holistic treatment for Veterans
- Opportunities to grow and develop your skills

VA's unique patient population provides an opportunity to put your skills to full use in support of those who have served our country. VA mental health professionals work with Veterans of all ages, from the oldest men and women to those from recent conflicts. Specialized services geared toward women address the needs of the fastest-growing Veteran population.

Along with competitive salaries and a world-class package of benefits, a career with VA offers the opportunity to develop your skills and leadership abilities so you can advance your career.
